

# skatepark etiquette

**No snaking. If you're waiting on a ramp, you're in a queue. Don't go before others have finished**

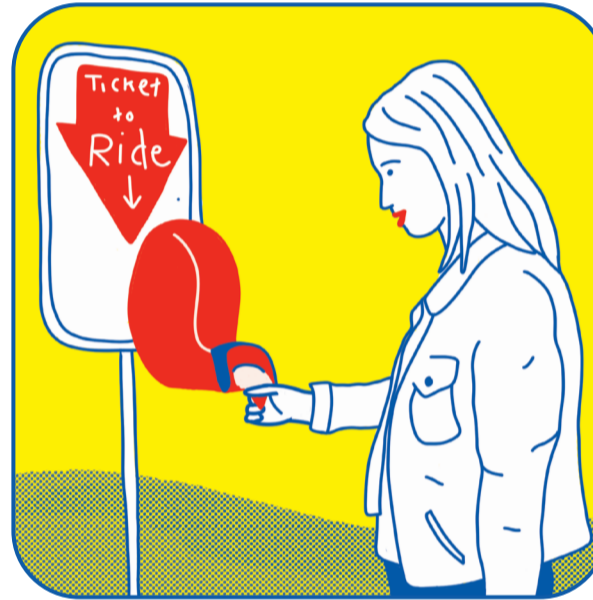

**Stand back from the edge of all ramps while waiting (no overhanging wheels or legs)**

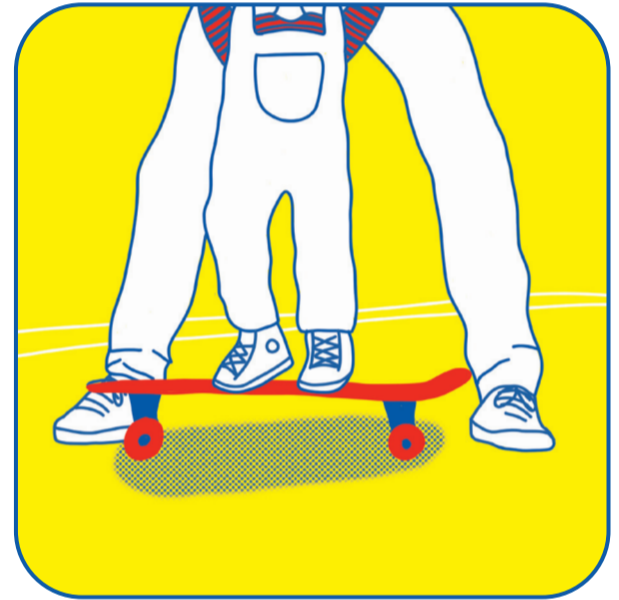

**Do not cut across the bottom of ramps or ride in from the side**

**Do not drop in unless you're certain that the ramp or area is clear**

**Ramps are to be used one at a time**

**Help young ones. Please help young skaters enjoy skateboarding**

**Watch out for other users at all times (check behind you)**

**Don't sit on the ramps or the obstacles**

**Leave belongings at the side – Not on the ramps or obstacles**
